

M365 - WHAT ARE YOU MISSING?

A huge benefit of Microsoft 365 is the ridiculous number of productivity tools and security features that are included... **unfortunately, because there are so many tools, it can also feel a bit overwhelming.** For this reason, many businesses opt for using only a few Office products and email... **sound familiar?**

Instead of overwhelming you with a thousand benefits you might be missing out on, **here are a few that typically get our clients excited when we mention them for the first time!**

MICROSOFT INTUNE

Right now, your users may be able to access company files **anywhere and on any device.** You may be hearing this for the first time!

With Intune, you can lock down sensitive data to only be viewable from company devices. **Secure your business easily and effectively!**

DATA LOSS PREVENTION

Vital personal information such as Credit Card numbers **escape businesses all the time.** Did you know there is a force function that prevents data like this from being emailed outside of your organisation?

Data Loss Prevention can be set up quickly and **automates security** at your business. One less thing to worry about!

AUTOPILOT

Wouldn't it be nice if your new employee could just sign in to that new computer you ordered and have everything **automatically downloaded and ready to go?**

AutoPilot makes sure your computers are ready to go so you don't end up stuck on the phone with IT.

THE REPLACEMENT

You won't need a separate cloud storage option if you get used to using **SharePoint and OneDrive.**

You won't need to pay for another webinar platform if you use Teams **Webinar.**

You won't need to use an outside calendar application when **Bookings** is included with your subscription and integrates directly with your suite!

You won't need to pay for alternative security products with **Defender.**

We help businesses get the most out of business subscriptions they usually already paying for. Give us a call today to schedule a quick 30-minute discussion. To discuss, visit <https://virtueuk.com/contact-us/>
